

Hestia®

For tranquility & serenity

Memory V1000

This luxurious bed is designed with your comfort and best nights sleep firmly in mind. With over 1000 individually wrapped, hand nested pocket springs in a 5" mattress you are assured the best nights sleep. The 50mm memory foam on top of the pocket unit is soft yet supportive and moulds to your body by reacting quickly to your body temperature. The Hestia range and the V1000 are made in the UK with modern materials in traditional methods for long lasting, night after night, restful sleep.
