

Hestia®

For tranquility & serenity

Memory Complete

This luxurious bed is designed with your comfort and best nights sleep firmly in mind. The mattress is a combination of 50mm memory foam on a supportive base of 170mm Reflex™ base foam. The mattress has an Outlast™ cover, which will keep you in your ideal temperature zone all night through. The 50mm of memory foam is soft yet supportive and moulds to your body by reacting quickly to your body temperature. The Hestia range and the Memory Complete are made in the UK with modern materials, in traditional methods, for long lasting, night after night, restful sleep.
