The Hestia Premium Collection

The Hestia range of beds is a luxurious collection of mattresses and divans designed to give you sublime comfort and deep, restful sleep, with a modern yet contemporary style of its own. We have used the latest fillings, materials and fabrics available without compromise. Space age technology is used in the foam and fabric production for ultimate temperature control and performance. Despite these recent developments the range is still made in the traditional methods of manufacture by hand in our own Midlands based factory. We offer the promptest delivery possible, with each bed made specifically to order. With a selection of base, mattress border and headboard colour options as well as many foam and spring combinations there will be an ideal bed to suit you. With your comfort foremost in our minds all backed by our 5 year manufacturer's guarantee, your Hestia bed will give you years of beautiful sleep.

All Models:

- Choice of divan heights, 14 inch as standard, 12 inch optional, not including castor
- Solid chrome metal castor as standard
- 2, 4 and 2+2 drawer options
- Choice of divan fabric colours; See swatch for options
- Selection of headboards
- All mattresses have flag stitched handles and vents
- Fine, hand tailored finish to divan base and mattress
